

**D**ouble, double toil and trouble,  
Fire burn and caldron bubble.

Hell of demon and rotten deer brain,  
Poison of frog, may this devilish spell give pain.  
Heart of spider and fate may kill and then part,  
The darkest shadow will take his selfish heart.  
Anglers shimmering light and a bees fiery sting,  
Rough lizards fork and a filthy killer hawks wing.  
For his future cannot come and his name shan't be Macbeth  
Give him insanity for eternity and show him only death.  
Double, double toil and trouble  
Fire burn and caldron bubble.

By Abel
