What others may teach them	1

3. How useful did you find today's workshop?

Very	Quite	A little	Not at all
18 (78%)	4 (18%)	1 (4%)	0

4. What will you do differently based on the information you have received today/which of the resources will you access?

Topic	Action
Working with my children	- Talk to my children more and be more open. - Talk to my children about what sites they go on. - Talk to her more about what she does. - Listen and understand what they are doing and why. - Use the tablet/laptop with my children to check what they are doing. - Not be so against social networking when the time comes, instead be involved to ensure they do it safely.
Resources	- Looking at all the resources and deciding which ones would be best at his age. - Check what she is using via the NSPCC website. - Look at the websites/resources suggested (x3). - Look at the school's online safety website section (x2). - Look at the resources to get more privacy. - Looking at all the safety information and how to find it on sites. - Watch the internet safety videos and look at the videos aimed at children. - Finding what programmes are safe to use.
Monitoring/Security Settings	- Set up/review parental control settings (x10) - Be aware of Facebook permissions. - Look at the resources to get more privacy. - Check settings regularly. - As she gets older, putting filters etc. onto apps she would access. - Check all the settings on mobile technology. - Checking what information I'm allowing whilst down loading apps.
General Online Safety	- Looking at all the safety information and how to find it on sites. - Think about how to introduce them to online content safely.
Other	- Consider the time they spend on it.

What further support or training would you like to have with regards to digital parenting?

- Updates/workshops annually as she progresses up through the school and to 'keep up' (x5).
- Parent and child teaching at the same time.
- How to set up the settings.
- Any workshops available.
- Accessing the resources on the school website.
- A longer more detailed session including youtube would be great.
- Iphone and ipad – support workshop on how to set various workshop settings.
- Facebook - support workshop on how to set various workshop settings.
- Accessing the type of activities that are popular with children.
- I will attend anything to be more in the know and to learn!
- Use of security tools available.

5. **Would you be interested in being involved with our Digital Council, the Cyber Mentors?** *Yes – 7*

6. **Is there any additional information you would like to add?**

- Parents should be aware that it is SO easy for strangers to find out where you live, and when your house will be empty, just based on your internet posts.
- The session needed to be longer I feel.
- I was pleased to hear so much information was being taught in school.
- Very important subject and glad the school addresses this.
- Very well delivered with plenty of useful websites.
- Helpful to have an evening session so we were able to attend.
- Thank you for a well presented workshop.
